

# 55w HID Spot Light

**4700B55W**

**1 Year Warranty**

10-32V 9 INCH 55w HID 6000k Hand held spot/flood light with trigger on/off/lock.

Has an adjustable dial at rear for moving focal point of globe for easy change from a pencil beam to spread beam pattern for if you are looking for distance or a wide spread beam.

Has a 1.5 meter spiral cable with cigarette plug at end ready to plug into the car or boat and away you go.

Lamp offers an intense white light at 1.4km and will hit reflective markers at 4km making them an ideal search light for 4wders, campers, shooters, marine, etc

Lamp draws less than 5 amps at its peak so by offering such lower power draw though a huge light output this offers the possibilities of using a belt or small carry battery so you can be fully mobile and get many hours from your small battery
