

LED Globes

BA15S1236LA

BA15S 1156 12V 36 LED Amber 1pc/Pack draws 0.2amps @ 13.8v

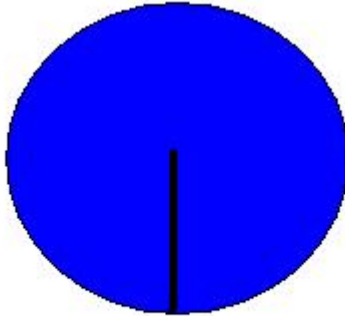

Ideally suited for indicator lamps in sedans, etc

This led globe has 9 leds pointing out from top and 27 leds placed around the sides making them ideal for working in lamps that have a good reflector to utilize all the leds light output.

We suggest use a amber led behind a amber lens as will penetrate better and keep a true colour than if a white led fitted as sometimes a white led behind a amber lens will make the amber lens look faded.

1 Unit Per Pack

Ideal for Bus, Car, Caravans, Trailers and Trucks
