

LED Globes

BA15S2436LY

BA15S 1156 24V 36 LED Yellow 1pc/Pack draws 0.12amps @ 28v

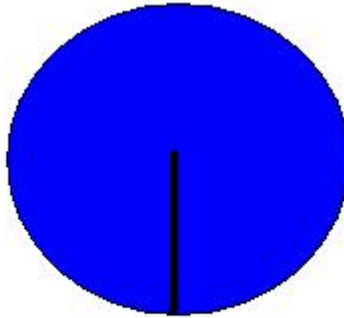

Ideally suited for indicator lamps on trucks, etc

This led globe has 9 leds pointing out from top and 27 leds placed around the sides making them ideal for working in lamps that have a good reflector to utilize all the leds light output.

We suggest use a Yellow led behind a yellow lens as will penetrate better and keep a true colour than if a white led fitted as sometimes a white led behind a yellow lens will make the yellow lens look faded.

1 Unit Per Pack

Ideal for Bus, Car, Caravans, Trailers and Trucks

Main Beam at 360 Degree
