

LED Recess Light

BRITE LED TECH PRODUCT

Part No: BL-606

2 Year Warranty

Main Beam at 120 Degree

12v DC 12 x 5050 style SMD Recessed design lamp 70mm round, ideal for down light in caravans and tight areas, this lamp is just 21mm deep with retaining clips on each side to enable to hold securely into place into timber or sheeting boards,

For example 1 x 5050 style smd offers a similar amount of light to a standard 5w incandescent bulb though a lot less power consumed and no heat and this unit has 12 smds.

These offer a wide 120 degree spread of light.

IP20 Rated for inside use

Complete lamp Rated at 2.4w

2 terminal on rear for power input and lamp diameter is 70mm so must drill a 50mm hole for lamp to fit securely
